

# MoveOn.org Hate Speech Information Sheet

Release date: 11 August 2007

This information sheet documents an extensive history of anti-Semitic, anti-Catholic, and other forms of hate speech, and 9/11 conspiracy theories, at MoveOn.org's Action Forum, *along with overwhelming evidence that MoveOn knew about, and exercised editorial control in favor of, the hate speech.* In addition, MoveOn.org itself published an official bulletin that cites an anti-Semitic source, another anti-Israel bulletin that cites sources like the Electronic Intifada, and a derogatory photomanipulation of Pope Benedict waving a gavel in front of the U.S. Supreme Court.

## Executive Summary and Chronology

During the last week of August 2006, it was revealed that MoveOn.org's Action Forum was overflowing with anti-Semitic hate speech, along with 9/11 conspiracy theories and occasional racist slurs. It was later shown that the Action Forum contained numerous pieces of anti-Catholic hate speech as well.

- Contrary to MoveOn.org's claims that it discovered and removed the hate speech in August, MoveOn.org knew about the hate speech since 2004, and *exercised editorial control* in its favor. **"Exercise of editorial control" is the key phrase, because it makes MoveOn accountable for the hate speech.**
  - Jan Poller's E-mail of April 2004, more than two years before MoveOn.org says it "discovered" the hate speech, told MoveOn.org about the problem.
  - The Action Forum's Frequently Asked Questions page says that the moderators read each entry twice, which means they saw the hate speech.
  - Contrary to MoveOn's claim that it deleted the hate speech as soon as it was "discovered," literally dozens of examples were harvested from the Action Forum until it was shut down for good.
- An official bulletin by MoveOn editor Noah Winer,<sup>1</sup> which was still online as of 11 August 2007, says "This essay describes many of the familiar neo-conservatives as having 'dual loyalties,' making policy decisions in the interests of the State of Israel as much as the United States."
  - While it says "neo-conservatives" as opposed to "Jews," the source it cites (Christisons) says "Jews."<sup>2</sup>
- Another official bulletin by MoveOn editor Noah Winer<sup>3</sup> is overwhelmingly anti-Israel, and it cites sources like the Electronic Intifada and Gush Shalom.
- MoveOn.org also published a derogatory photomanipulation of Pope Benedict.

## Chronology

- On 29 August 2006, Robert Goldberg published an op-ed called "Donkey See, Monkey Do" in the *Washington Times*. It exposed the use of language such as "media-owning Jewish pigs" and "Jew Lieberman" on the Action Forum. During the same time period, postings began to appear at IsraPundit and NetWMD (Net War to Mobilize Democracy) that quoted the material extensively.
- On 2 September, MoveOn.org political director Eli Pariser published a reply to "Donkey See, Monkey Do" that disclaimed responsibility for the slurs in question.
- On 5 September, William Levinson published a reply to Mr. Pariser's letter (*Washington Times*) that underscored the fact that MoveOn.org was in fact monitoring its forum and removing material critical of MoveOn.org, which meant that it was *exercising editorial control* over the forum.
- On 8 September, William Kristol's "Anti-Judaism" (*Wall Street Journal*) reported, "As Robert Goldberg reported in the *Washington Times*, after one Moveon

- member celebrated the defeat of "Jew Lieberman," 95% of those who responded to the post on the Moveon Web site expressed their approval."
- On 8 September (the same evening), **MoveOn.org disabled its Action Forum, apparently to prevent retrieval and circulation of the contents.**
    - This was interpreted (Levinson at IsraPundit) as the political equivalent of headlong flight from a battlefield. MoveOn.org was apparently so terrified of the idea of people wading through its Action Forum and actually seeing the items in question that it disabled the forum, thus shutting out its more-moderate users as well as the anti-Semites, racists, and 9/11 conspiracy theorists. MoveOn.org would not have deprived itself of a key organizing and member communication tool had it not become a deadly organizational liability.
  - On 10 September, MoveOn.org changed its mind and brought the Action Forum back up under heavy moderation. Posts were held for moderator approval before being allowed to appear. This was, however, hardly a solution to the troubled organization's public relations problems.
    - Numerous postings by Action Forum participants showed extreme dissatisfaction with the new system, which inhibits exchange of ideas. Morale and commitment have obviously been damaged.
  - On 24 September, MoveOn again disabled its Action Forum despite the certain knowledge that its opponents would see this as a sign of weakness.
    - Did one or more of the candidates who accepted its endorsement demand that it remove this embarrassing and hateful material from the Internet? This is but one of several possible reasons.

## Debunking MoveOn.org's Excuses

On 2 September 2006, Eli Pariser posted the following at MoveOn.org.<sup>4</sup>

### **Statement On ActionForum Comments.**

Statement from Eli Pariser, MoveOn.org Political Action

"MoveOn's ActionForum is an open forum where members of the public and MoveOn members can post their thoughts regarding important political issues.

Once in a while—as in any public forum—inappropriate material is posted. Recently, a few of the thousands of comments that are posted every week contained anti-Semitic language.

The comments that were posted were abhorrent. We were dismayed to see them, and removed them as soon as they came to our attention 17 days ago.

Many of the comments identified were not, in fact, made by MoveOn members. We are working to discern whether they were made as a part of a right-wing campaign to target the organization.

Clearly, any attempt to tie MoveOn's 3.2 million members to the hateful comments of a few nonmembers on an online public forum is wrong.

We were pleased to see that so many MoveOn members rose to sharply criticize the hate speech that was posted – even before it was brought to our attention."

**Jan Poller's E-mail informing MoveOn about the hate speech in April 2004**

From: Jan Mel Poller [E-mail given to MoveOn.org, deleted for privacy here]  
**Sent: Thursday, April 01, 2004 10:19 AM**  
**To: 'info@moveon.org'**  
Subject: Liberals and the left

I doubt that you will read this or pass it on to your leaders, but it is worth a try.

I am an old time Liberal, dating back to the Truman era. I am deeply disturbed by some of the anti-liberal views espoused in many forums on line, in college campuses and in the news media.

**Liberalism always fought for truth and against censorship. I was told by a Muslim woman that she was against terrorism, Saddam, Arafat and the rest of the Jihad leaders. However, her posts were not allowed to appear here. At the same time, Nouris strongly anti-Israel posts, not to mention rod Hutchinson's anti-Semitic post are allowed to appear.**

**You tolerated [censored?] my posts, which challenged support for Jihadist terrorism and supported Israel and the spread of democracy throughout the world (including the Arab world), have all been removed. I am no longer allowed to post.**

I am pleased that you have done this as it supports my view that the extreme left is totalitarian.

You are part of the college campus terrorists. San Francisco state expelled a 59 year old Russian Jewish woman because she attacked Communism and supported Israel. You are part of the totalitarian left who shouts down anyone who doesn't share your views.

The first time I came to the MoveOn website, you prominently display a screed that said Barak, not Arafat walked out of the Camp David peace talks. You did this on the word of Uri Avneri against all the statements by people who were there, including your hero, Clinton.

The really bright thing that you do is support the Islamo-fascist Jihadists. You give them the knife present your throat and say, "Slit here".

You are like the pacifists of the 1930's who didn't mind Hitler's aggression.

Jan Mel Poller

PS: you might remind Noah T Winer that Hamas wants to slaughter all Jews in Israel. If they succeed in doing that, they won't stop there. After all, the Islamo-Fascists are claiming Spain again and the Jews would be killed there, as well.

**MoveOn.org Action Forum FAQ page: moderators saw the hate speech**

<http://www.actionforum.com/general/faq.html#1>

proves that MoveOn.org's moderators not only saw every piece of hate speech, they saw each one twice. Bracketed remarks are ours.

**How can I make sure someone at MoveOn reads my post?** All comments are read at least twice. While there is no single criteria, comments that suggest a possible MoveOn action and are not duplicative are likely to be immediately passed on, or included in a summary to the whole MoveOn team. Ratings, while important, are not definitive and some comments with few or low ratings are included in the summaries. Important issues are sometimes followed up with a survey to a sampling of the membership.

**Just what does your moderator do?** Our moderators are better described as monitors. They spend the vast majority of their time looking for comments to pass on to the MoveOn team and doing weekly forum summaries. With regard to moderating, their goal is to help create a space to facilitate input. It is not their goal to remove every comment that might be inappropriate. [Our experience is, however, that they were very diligent at removing comments that criticized MoveOn.org.] The first line of moderators are our members, who rate inappropriate comments low. [Our

experience, as shown below, is that the members gave them overwhelming approval.]

### **Summary of our response to MoveOn's press release of 2 September 2006:**

It has been shown unequivocally that, contrary to the excuses that MoveOn.org made in its press release of 2 September 2006,

- (1) MoveOn.org was fully aware of the hate speech, as shown by Jan Poller's E-mail of April 2004, and the FAQ page that says the moderators read each entry twice.
- (2) MoveOn.org deleted only a few token pieces of hate speech, as shown by the harvesting of dozens of such remarks for weeks afterward.
- (3) The Action Forum participants voted overwhelming approval of the hate speech and 9/11 conspiracy theories.

### **MoveOn.org *official bulletin* makes "divided loyalties" accusation**

MoveOn.org can't blame this one on Zionist cyber-trolls, conservatives, and Karl Rove agents.<sup>6</sup>

#### **PAX ISRAELICA?**

**Nearly all PNAC participants, whether Jewish or Christian, are right-wing Zionists who support Ariel Sharon's Likud Party.** In 1996, Richard Perle, Douglas Feith, and others drafted a paper for incoming Prime Minister Benjamin Netanyahu urging him to make "a clean break" from the Oslo peace process preferring "peace through strength," including the ouster of Saddam Hussein.  
<http://www.israeleconomy.org/strat1.htm>

**This essay describes many of the familiar neo-conservatives as having "dual loyalties," making policy decisions in the interests of the State of Israel as much as the United States.**

<http://www.counterpunch.org/christison1213.html>

The Counterpunch article that Winer cites is even worse:<sup>7</sup>

"The link between active promoters of Israeli interests and policymaking circles is stronger by several orders of magnitude in the Bush administration, which is peppered with people who have long records of activism on behalf of Israel in the United States, of policy advocacy in Israel, and of promoting an agenda for Israel often at odds with existing U.S. policy. These people, who can fairly be called Israeli loyalists, are now at all levels of government, from desk officers at the

Defense Department to the deputy secretary level at both State and Defense, as well as on the National Security Council staff and in the vice president's office."

"Dual loyalties" has always been one of those red flags posted around the subject of Israel and the Arab-Israeli conflict, something that induces horrified gasps and rapid heartbeats because of its implication of Jewish disloyalty to the United States and the common assumption that anyone who would speak such a canard is ipso facto an anti-Semite. **(We have a Jewish friend who is not bothered by the term in the least, who believes that U.S. and Israeli interests should be identical and sees it as perfectly natural for American Jews to feel as much loyalty to Israel as they do to the United States. But this is clearly not the usual reaction when the subject of dual loyalties arises.)**

Meanwhile, a search for the Christisons' other articles turned up some genuinely anti-Semitic pieces that talked about Jews (not "Zionists," "Jews") and equated Zionism to racism.

### **MoveOn.org Backs Palestinians against Israel**

- Supports Palestinian Right of Return
- Blames Israel for Breaking Off Peace Talks
- Quotes Electronic Intifada and Gush Shalom

The following official bulletin was apparently so embarrassing to MoveOn.org that it finally took it down. It was, however, archived at archive.org (the Wayback Machine), and we retrieved a copy. Our comments are in brackets.

**NOTE: In response to feedback about this bulletin, MoveOn.org would like to clarify that The MoveOn Bulletin is a free weekly collection of links, which represent a broad range of views on important political issues. These links aren't meant to represent the position of MoveOn.org.**

[We beg to differ. Noah T. Winer is the editor of this bulletin and, **as an official representative of MoveOn.org, he is entirely responsible for the content of the page.** By posting the indicated links in the context of advocacy as opposed to condemnation,

he, and therefore MoveOn.org, are indeed endorsing the indicated positions. In addition, it already seems that MoveOn.org was getting heat over this from pro-Israel people, and the above paragraph shows exactly why MoveOn.org felt compelled to take the bulletin offline. After recovering the material from archive.org, we are hardly surprised.]

#### INTRODUCTION: WHERE DOES THE ROAD MAP LEAD?

**In July, 2000 Israeli Prime Minister Ehud Barak broke off talks with Palestinian Authority Chairman Yasser Arafat at the Camp David summit hosted by U.S. President Bill Clinton. That September, Ariel Sharon, chairman of the Likud party, made a provocative visit to the Haram al-Sharif/Temple Mount in Jerusalem. Control over this holy site for both Muslims and Jews is contested by Palestinians and Israelis. The visit implied Israeli sovereignty over all Jerusalem, the eastern portion of which is considered occupied territory by the international community. So began the second intifada, or Palestinian uprising.**

As in the first intifada in the late 1980s, the demand is for an end to the Israeli occupation of the West Bank, Gaza Strip, and East Jerusalem — which has persisted since 1967 — **and acknowledgment of the Palestinian refugees right to return to the villages from which they were forced to leave during the 1948 war that established the State of Israel.** In the 33 months since, human death has saturated the region: 816 Israelis and 2,384 Palestinians have been killed.

Early in his presidency, George W. Bush avoided substantial involvement in the Israel-Palestine conflict. After September 11, 2001 a number of factors — escalating violence in the area and **Israel's attempt to link September 11th with Palestinian suicide bombings, pressure from the Israel lobby and the Christian Right, and the desire for an increasing U.S. influence in the oil-rich Middle East** — prompted Bush to take an active, personal role in promoting an agreement.

That proposed agreement is the Road Map. While the initiative has been praised for calling for an end to violence and for endorsing the formation a Palestinian state, the Road Map provides no mechanism for actually ending the violence, leaves uncertain the borders of the proposed state, and postpones determining the status of the 380,000 Israeli settlers and four million Palestinian refugees. With matters so central to the resolution of the conflict left to be decided at a future date or ignored entirely, the Road Map is still far from being a bona fide peace proposal.

True and lasting peace begins with justice for all the people of the region. That the Road Map will lead in that direction is not at all evident.

#### CRITIQUE

From the only joint Palestinian-Israeli public policy think-tank in the world: “The Road Map is severely lacking in detail. It mentions that the sides will have to negotiate the permanent status issues such as borders, Jerusalem, settlements, refugees, etc. but makes almost no mention of these issues throughout the process

in the earlier phases.”

<http://www.ipcri.org/files/roadmapgb.html>

From the Israeli newspaper Ha'aretz:

“According to the facts on the ground, the [Palestinian] 'state' will apparently be comprised of three enclaves cut off from one another inside the West Bank — in addition to the Gazan enclave, and with no guarantee the settlements inside the enclave will be dismantled. **The 'separation fence' has been described as 'temporary,' but it is a wall with hefty fortifications taking up a lot of land, and it has already scarred the Tul Karm-Qalqiliyah area, the most prosperous Palestinian farmland, thus sabotaging one of the cornerstones of Palestinian economic security.**”

<http://www.moveon.org/r?456>

From The Nation:

**“For in failing to focus on the Israeli occupation of the West Bank, Gaza Strip and East Jerusalem, about to enter its 37th year, and on Israeli settlements, which underpin that occupation, the Road Map misses an opportunity to end this conflict. Instead, it concentrates on Palestinian violence and how to combat it — as if it came out of nowhere, and as if, were it to be halted, the situation of occupation and settlement would be normal.”**

#### FACTS ON THE GROUND: TERRORISM

Human Rights Watch condemns suicide bombing attacks against Israeli civilians as war crimes and crimes against humanity.

<http://www.hrw.org/reports/2002/isrl-pa/>

**Gush Shalom, an Israeli peace group**, on the Rantisi assassination attempt.

<http://www.gush-shalom.org/archives/article254.html>

An Israeli parliament member and 25 former Israeli generals have raised questions about the timing of Sharon's assassination attempt.

<http://www.commondreams.org/headlines03/0612-05.htm>

Senator Dick Lugar (R-Indiana), chairman of the Senate Foreign Relations Committee, has raised the possibility of U.S. military intervention “to root out the terrorism that is at the heart of the problem.”

<http://www.moveon.org/r?453>

#### FACTS ON THE GROUND: OUTPOSTS AND SETTLEMENTS

From the Israeli newspaper Ha'aretz:

“Don't make do with the outposts. There are more than 100 of them, and about 60 went up in Sharon's days. If he takes down 7-10 he hasn't done a thing. Many were put up just to pull them out, like a goat from a crowded corral.”

<http://www.moveon.org/r?454>

From The Nation:

**“A recent poll by Israel's Jaffee Institute for Strategic Studies shows that 56**

**percent of Israelis — up from 48 percent last year — would 'support a unilateral withdrawal from the territories in the context of a peace accord, even if that meant ceding all settlements.' Here is the signpost for a realistic road map that could be charted by the Bush Administration.”**

<http://www.thenation.com/doc.mhtml?i=20030630&s=carey>

#### FACTS ON THE GROUND: THE SEPARATION WALL

**Gush Shalom** reports that the separation wall Israel is constructing in the West Bank is not at all along the internationally recognized 1967 “green line” border. The wall, officially being built for security, annexes illegal settlements into Israel.  
<http://www.gush-shalom.org/thewall/>

A troubling report on the 25-foot tall separation wall from Israeli newspaper Yediot Ahronot describes how the system of barbed concrete walls and armed watchtowers will imprison hundreds of thousands of Palestinians without access to their agricultural lands.

## Anti-Semitic Hate Speech

The following is a listing of the worst anti-Semitic slurs, some of which would be quite at home in the Protocols of the Learned Elders of Zion.

- (1) **Note on references:** the Action Forum hyperlinks are no longer usable because MoveOn.org disabled the entire forum. Also, most of the Google-cached items have probably expired by now. These articles were copied as soon as they were found because it was expected that MoveOn might begin to "sanitize" its forum.
  - Bold face highlighting of the most significant hate speech is ours. The Action Forum did not provide for highlighting.
- (2) **Also note the overwhelming support for this material.** The Action Forum empowered participants to vote "approve" or "disapprove" for each entry, and the hate speech usually garnered 70 to 95 percent approval.

### "Jew Lieberman" and "media-owning Jewish pigs"<sup>8</sup>

Donkey see, monkey do (*Washington Times*)

By Robert Goldberg

August 29, 2006

But he [Buchanan] never called them "Media owning Jewish pigs" or "sneaky Jewish sympathizers!" Both can be found repeatedly on the

Moveon.org Action Forum.

Moveon is not the only leftist Web site filled with anti-Semitism. But compared to the Dailykos and the slanderous Huffington Post nothing compares to Moveon in terms of quantity or viciousness.

After Sen. Joe Lieberman lost the Democratic primary in Connecticut, one Moveon member stated: "Jew Lieberman first step. Corporate Clinton will be next. Impeachment of BushCo will be third." **This one came in with 95 percent of Moveon members responding approving the "Jew Lieberman" post.** (Moveon helpfully records the percent of people agreeing with each post.)

### "Jews control all the media"<sup>9</sup>

This one was retrieved from Google's cache after MoveOn disabled its Action Forum.

Enough already!

Another neo-con appeared today on C-Span to defend Bush and his spying program! **I am Jewish and proud of it (despite everything)** but I am sick of seeing those neo-cons posing as average joes on national television to defend Bush and his lies. Since they don't have the decency or honesty to identify themselves by saying: "But you know, I am a Zionist and may be biased" and since most Americans can't tell the difference and don't have the courage to ask, **maybe they should be forced to wear an Israeli flag on the lapel of their jackets. Isn't it time to tell the American people the truth, i.e. that Jews control all the media.** (August 17, 2006)

**100 percent agree (8 out of 8)**

### "Why are the Jews so Jew-y?"<sup>10</sup>

**Why are the Jews so Jew-y?** Norwegian novelist Jostein Gaarder breaks the ultimate taboo in an anti-Israel rant by **tying the irrationality of Israeli violence to Judaism** (the link is to an unofficial translation, which starts as follows):

"There is no turning back. It is time to learn a new lesson: **We do no longer recognize the state of Israel.** We could not recognize the South African apartheid regime, nor did we recognize the Afghan Taliban regime. Then there were many who did not recognize Saddam Hussein's Iraq or the Serbs' ethnic cleansing. We must now get used to the idea: The state of Israel in its current form is history.

We do not believe in the notion of God's chosen people. We laugh at this people's fancies and weep over its misdeeds. To act as God's chosen people is not only stupid and arrogant, but a crime against humanity. We call it racism. There are limits to our patience, and there are limits to our

tolerance. We do not believe in divine promises as justification for occupation and apartheid. We have left the Middle Ages behind. We laugh uneasily at those who still believe that the God of flora, fauna, and galaxies has selected one people in particular as his favorite and given it funny stone tablets, burning bushes, and a license to kill.

We call child murderers 'child murderers' and will never accept that such have a divine or historic mandate excusing their outrages. We say but this: Shame on all apartheid, shame on ethnic cleansing, shame on every terrorist strike against civilians, be it carried out by Hamas, Hizballah, or the state of Israel!"

...The Israelis are stealing their land, and have occupied land that is not theirs for years. **And they OWN Washington senators and congresspeople.**

**29 of 30 MoveOn.org Action Forum participants agree with this.** That is sure a heck of a lot of Zionist trolls, conservatives, and Karl Rove plants running around the Action Forum.

**Tom Lantos is a "whining, arrogant Jew"<sup>11</sup>**

#### 19. LANTOS WANTS TO FREEZE LEBANON AID

Congressman Tom Lantos told PM Olmert of Israel that he wants to freeze the \$ 230 million U.S. aid package to Lebanon. Lantos is the ranking democrat on the House Foreign Relations Comte. Lantos said, "The [Lebanese] aid package should be withheld until the Lebanese government displays responsibility". Responsibility ? Israel is guilty of war crimes in their cowardely attack on Lebanon and **the whining, arrogant Jew wants Lebanon to demonstrate responsibility ! This is another example of how many Jews/Zioniosts in our Congress use the U.S. for their own greedy purposes. DUMP ISRAEL.**

**14 out of 17 voted to AGREE with this.**

**Jews don't serve in the Armed Forces**

NOT ANTISEMITISM... JUST A FACT WHICH NO ONE SEEMS WILLING TO ACCEPT.

The fact is that Jewish-Americans make up 2% of our American population and less than 1% of the world's population and yet hold exponentially more positions of real power in American than Asian-Americans (4% of our population) and African-Americans (12% of our population) and Hispanic Americans (13% of our population)... **are Jewish people really so much smarter and so much more talented that they truly deserve so much more REPRESENTATION in our democracy than all the other minority groups, even though they are far fewer in number than these other minority groups???** Can someone please explain to me again the concept of DEMOCRACY? Isn't it about all the people being FAIRLY REPRESENTED in our government??? Jewish-Americans should make up approximately 2% of our government and Asian-Americans should make up about 4% and African-Americans should make up about 12% and Hispanic-Americans should make up about 13% and ALL OF THESE MINORITIES SHOULD GET EQUAL TREATMENT UNDER OUR CONSTITUTION — I even believe strongly in AFFIRMATIVE ACTION for minorities — but I do not believe it's healthy or at all DEMOCRATIC for 2% of our population to control our CONGRESS (through AIPAC), our MEDIA, and our MONEY. It's just UNAMERICAN! I also believe WOMEN should make up AT LEAST HALF our representatives in government. Call me crazy (though I know you'll just call me ANTISEMITIC)!

Bush Goes Retro to Avoid Prosecution - by Paul Craig Roberts

When I was a kid, John Wayne war movies gave us the message that

America was the good guy, the white hat that fought the villain. Alas, today the U.S. and its last remaining non-coerced ally, Israel, are almost universally regarded as the bad guys over whom John Wayne would triumph. **Today, the U.S. and Israel are seen throughout the world as war-criminal states.**

On Aug. 23, the BBC reported that Amnesty International has brought war crimes charges against Israel for deliberately targeting civilians and civilian infrastructure as an “integral part” of Israel’s strategy in its recent invasion of Lebanon.

Israel claims that its aggression was “self-defense” to dislodge Hezbollah from southern Lebanon. Yet, Israel bombed residential communities all over Lebanon, even Christian communities in the north in which no Hezbollah could possibly have been present.

United Nations spokesman Jean Fabre reported that Israel’s attack on civilian infrastructure annihilated Lebanon’s development: “Fifteen years of work have been wiped out in a month.”

Israel maintains that this massive destruction was unintended “collateral damage.”

President Bush maintains that Israel has “a right to protect itself” by destroying Lebanon.

**Bush blocked the attempt to stop Israel’s aggression and is, thereby, equally responsible for the war crimes. Indeed, a number of reports claim that Bush instigated the Israeli aggression against Lebanon.**

**Bush has other war crime problems. Benjamin Ferencz, a chief prosecutor of Nazi war crimes at Nuremberg, recently said that President Bush should be tried as a war criminal side-by-side with Saddam Hussein for starting aggressive wars, Hussein for his 1990 invasion of Kuwait and Bush for his 2003 invasion of Iraq.**

**Under the Nuremberg standard, Bush is definitely a war criminal.** The U.S. Supreme Court also exposed Bush to war crimes charges under both the U.S. War Crimes Act of 1996 and the Geneva Conventions when the Court ruled in *Hamdan v. Rumsfeld* against the Bush administration’s military tribunals and inhumane treatment of detainees.

...According to President Bush, the U.S. will lose the “war on terror” unless the U.S. succeeds in defeating “the Iraqi terrorists” by establishing “democracy in Iraq.” Of course, insurgents resisting occupation are not terrorists, and there were no insurgents or terrorists in Iraq until Bush

invaded. [Michael Moore's position, the terrorists who are murdering our troops with improvised explosive devices are "freedom fighters."] ...

Innocent IRAQI's, all African Americans, and too many of our troops are being maimed and dying in IRAQ in a civil war, created by an illegal occupation. An occupation created by an administration consisting of DRAFT DODGERS, a President? (Bush) who apparently went AWOL and refused to serve.

### **Jews in high-level positions have dual loyalties<sup>13</sup>**

War in Iraq is for Israel not US

With the myriad of reasons for the Iraq invasion, (now discounted) the real reason we preemptively invaded Iraq was for the security of Israel and for it's goal of usurping more land, power and oil from it's Arab neighbors. The AIPAC is the most powerful lobby on Capitol Hill. No politician can be critical of Israeli policy without risking losing the money, votes and the power of this lobby. They all know it is political suicide to do so. This is the dirty little secret that no one can talk about! Another big problem is conflict of interest. **How can we have high level people in our government making foreign policy decisions when they are Jewish Americans? It is a cystal clear case of conflict of interest. Their loyalty is to Israel and it has become our loyalty too above what is good for America.** No other interests should be above American interest, but this is not the case. Our government is in the horrible position now of fighting this war for the benefit of Israel without their help (don't want a WW3 situation), without their money and we are losing American lives for a lie. Iraq has never been any kind of threat to America. They are a threat to Israel. Sure we would like to get our hands on Iraqi oil, but that's not why we are there. The Israeli lobby started asking us to start a war with in the Clinton administration. We wouldn't do it, but when 9-11 happened George decided he could tie them to it and show the rest of the world they better not mess with us in the process. **Of course the "cooked up WMD's" were largely a result of Jewish Americans in the intelligence community.** Please read "A Clean Break". It describes how this is just the initial step by Israel to change the whole Middle East. Our Pro-Israeli foreign policy is the whole reason for the 9-11 attacks. We let Israel continue to build illegal settlements on Arab land in the Gaza and commit human rights violations one after the other. Although this may not be reported much in our media, the whole rest of the world knows that we allowed the "occupiers" to have free reign and it is making enemies for us

world wide. Israel started out as a little country created by the Balfour Declaration after the holocaust tragedy. It has since tripled in size with every preemptive invasion and conquest of the Palestinian and Arab land surrounding it and they are not willing to give any bit of it back. They say they will and then they don't. The peace process now is nonexistent ever since George decided to have a hands off policy over there. This was very foolish. If there is no peace there, there will be no safety for America either. We give Israel over 3 BILLION dollars a year. No one else gets anywhere near that? I resent that my tax money is used in this way. These are the sad facts that need to be addressed by Move-On. Don't be scared to tell the truth... Massacre in Gaza [http://www.palestine-info.co.uk/am/publish/article\\_18657.shtml](http://www.palestine-info.co.uk/am/publish/article_18657.shtml)

By Khalid Amayreh Jun 11, 2006, 14:52

The heart-rending scenes of the Bahr al-Sudaniya massacre in Gaza on Friday, 9 June, shows **the Israeli army as it really is, a reptile-Nazi-like army of thugs, hoodlums, and common criminals, not unlike the Gestapo, SS and Wehrmacht.**

Indeed, what else can be said about an army that targets with heavy artillery children on an outing along the Gaza beach?

The latest carnage is of course not the first of its kind, and it most certainly won't be the last. **Massacres, after all, have always been Israel's modus operandi. Israel itself inaugurated its birth with "holy massacres" as Talmudic sages would tell us.**

In truth, **Zionists have committed more massacres per capita than any other people on earth since Adam and Eve. In fact, one can safely say that wanton killings and massacres are piece and parcel of being Zionist.**

I understand that there are Jews who condemn the pornographic slaughter in Gaza, people like Uri Avneri and like-minded Jews. We salute those people, who are our natural partners in the quest for a just and durable peace in Palestine.

However, it is also true that **the vast bulk of Israeli Jews are enjoying the killings of Palestinian children and are congratulating each other.**

Just take a look at Jewish internet sites in Israel and abroad and see how Jewish youngsters are congratulating each other on the killings of these helpless toddlers in Gaza.

This murderous cannibalism doesn't come out of the blue. Today in Israel, school curricula are **dominated by the Talmud, especially a specific Talmudic text called Shulhan Aruch.**

**In this text, Jews are commanded to slaughter non-Jews who are viewed more or less as animals or at least lesser human beings.**

Of course, Jewish propagandists and apologists would invoke "anti-Semitism" when the truth about the racist, Nazi-like garbage Israeli boys and girls are being taught is exposed through the media.

In fact, if any objective truth-seeker wants to find out why the Israeli army and para-military Jewish terrorists are doing what they are doing to the helpless Palestinians, which is actually nothing less than a slow-motion genocide, **one has to go first to the Talmud, the unofficial constitution of Israel. This hateful scripture is Israel's real Torah as every rabbi would admit.**

Today, more than 50% of Israeli army soldiers and high-ranking officers are graduates of Talmudic schools or Yeshivot throughout Israel.

And these graduates go to the army, thoroughly inculcated with this venomous and Nazi-like ideology and value system that indoctrinates them in mass murder and racism and criminality.

Well, what kind of god and religion that sanction the killing of kids playing along the beach in Gaza?

More to the point, it is amply clear that the latest massacre was not the act of one soldier or one officer.

This is a systematic policy of an army that has always murdered and lied about the murder, an army that is concerned more with justifying its crimes than recognizing them and stopping them.

Isn't Dan Hallutz, the Israeli army chief of staff who ordered the massacre, the same person who in 2002 ordered the Israeli air-force to drop a one-ton bomb on a Gaza apartment building, killing eleven children and many other civilians?

In short, we are dealing with real Nazis, and the truth, however bitter and unpalatable, must be told.

**We know the Juedo-Nazi leaders of Israel**, along with their cheerleaders in North America, would strive to spread the lie that such wanton acts of bloodshed are “misfires” or “regrettable mistakes.” The less erudite in mendacity and hasbara would probably call the slaughter “collateral damage” as the Americans often refer to their own frequent genocidal episodes in Iraq and Afghanistan.

Unfortunately, such concocted lies still deceive many ordinary people in the West, who breathe, drink and eat Jewish propaganda via their local and national Zionist-controlled media outlets.

Luckily, there are more people who are getting to know the truth about the Nazi nature of Israel and the Nazi-like treatment Palestinians are being subjected to by the children and grandchildren of the holocaust survivors.

What is really disgraceful, however, is the fact that Europeans, who are relatively freer from the Zionist stranglehold, especially when compared to North Americans, are effectively silent in the face of this Gestapo-like behavior.

European condemnation, and not just verbal condemnation, is very important in this context, since Israel and her criminal leaders would interpret any lukewarm European reaction as a green line to keep up the wanton killings.

We do hope that this latest massacre on the Gaza beach will awaken the conscience of those who still haven't made up their minds regarding the abomination called Israel.

The Palestinian people realize that European political leaders are reluctant to call the spade a spade because of historical reasons and because of Jewish intimidation.

However, ordinary Europeans, including professional unions, workers unions as well as writers, intellectuals and civic leaders must speak up against Judeo-fascism or Zio-Nazism.

After all Europe can not just atone for one holocaust by allowing Israel and the Jews to commit another holocaust against a helpless people whose only crime is their enduring determination to be free from another Nazi reign of occupation and terror.

## **Israel Should Not Exist**

The following items are from large files of the Action Forum that were downloaded before it was taken down for good.

### **Islamic hostilities will go away the minute Israel is closed down**

Suddenly, at an office picnic, former Bush supporters are angry at the oil companies for squeezing every last penny out of us as they see the use of carbon based fuels rapidly coming to an end. The majority (in my office), even of Bush supporters, are now agreeing that human activity has caused global warming. Go Gore! We can thank President Gore not only for taking the initiative to make the Internet available to the public, but also for warning the world of the issues most important for the world to address.

Nobody at the picnic even mentioned the reported airline-chemical-etc. People are growing weary of the childish Neocon promotion of fear of boogeymen. **Islamic hostilities will go away the minute Israel is closed down and the Jews all move to the US where they should have come to begin with.**

### **Israel should not exist where it does in the first place.**

To be anti-Zionist, or even anti-Jewish, is not by definition anti-Semitic. According to what I've read, the Arabs, Jews, and others are all Semitic. It is not a question of Race, it is a question of justice. Anyone who takes the time to become familiar with the history of the creation of, and the acts of the Jewish State of Israel can come to no other conclusion that **it should not exist where it does in the first place.**

### **Israel formed their country by stealing land**

J.F. Dragon, no I cannot agree with your premise as stated above about all Middle East Arab countries. Before you start this Anti-Semitic rhetoric, have you ever asked yourself why so many are against Israel? Have you studied how Israel was created through terrorist means against Arabs (Palestinians) and the then occupying British? **Israel formed their country by stealing land away from its then rightful owners through terrorist means.** So perhaps it was those European terrorist Jews that started this current round of hatred toward a country that was formed by stealing land away from the resident Palestinians without any

humanitarian compensation for where they are to go from there. How would you feel about foreign invaders stealing your Grandparents or parents land and home to bulldoze it down and then give it to a foreign born person, just because they are Jewish or whatever that invader's faith and nationality is?

### **Israel is the main problem in the Middle East.**

Another 3 " militants" were murdered by Israeli helicopters and soldiers in Gaza today- airstrikes in urban areas are constructive murder-and to make it perfectly clear to all that the genocide of Palestinians is the object the Israeli forces then demolished the building that the " militants" were in. **Israel is the main problem in the Middle East.**

I demand that Congress and the UN fully investigate this administration and not allow another invasion to occur without UN sanction. This occupation must end now. **The UN must take control now not later.** Congress must act now. **The UN must perform its duties now before dictators such as Bush achieve his goal of Caucasians ruling the world. If help is not received from Congress and the UN, I ask that the Civil Rights Organizations, Black and Muslim religious organizations, join with me in asking all Black and Muslim soldiers and civilians to refuse to support this illegal occupation of Iraq by this 'son of a bush'.** See: [www.outbush2005.blogspot.com](http://www.outbush2005.blogspot.com)

I believe him to be an unethical liar who never should had been put in the position he is so unqualified for, and he is an embarrassment to most people in the US, and most all people in the World. He should be impeached as I have said in the past, he should have sent his daughters to war instead of my son, **he should never ask a Black to risk his or her life to offer democracy to Iraq's that Blacks will never achieve during his regime in this country.** He should be tried for war crimes as he is advocating for Sadam Hussien. The same treatment Sadam receives should be the same he should get for his past and present crimes against humanity prior to the unlawful invasion of Iraq. I would ask Cindy to tell Bush that he and his regime would be doing the world a favor if they would leave office immediately. **Again I state that neither Bush nor any president should ask any" BLACK in this racist country to risk his life or to be put in harms way, due to the manner in which blacks have and are yet being denied equal opportunities in this racist society.** While speaking to him you must realize that due to his intellect he will most likely have to consult with his advisor, Carl Rove, also called by Bush "TURD SMASHER", to give you a somewhat intelligent answer to my statements which I want you to present on my behalf. Thanks for your involvement in a cause all reasonable Americans should support.

### **"9/11 Was an Inside Job!"<sup>25</sup>**

Marvin Bush (brother) was head of Securicom, the firm in charge of security of the WTC until 9/11. Coincidence?

Prof. Steven Jones (BYU) has found residue of explosives used in controlled demolitions in samples of steel from WTC.

The official explanation of why the towers fell is that heat from jet fuel weakened the steel and the collapse of the upper floors caused a "pancake" effect and each floor collapsed from the weight of the floors above it crashing down. I'd believe that if the melting point of steel weren't 1,000 degrees hotter than jet fuel can burn, if most of the fuel hadn't exploded outside the building upon impact, and if the towers didn't fall at free-fall speed, as if there were not 47 steel columns holding the floors up in the air.

NORAD, our national air-defense system stood down and did not intercept the hi-jacked planes. Our military was conducting several war-game excersises [sic] which simulated hi-jacked airliners being flown into buildings. This gave cover for the real-world terror plot to happen, allowing the FAA to think the hi-jacked planes were part of the wargames and not take action of their own.

Flights 93 and 77 were not even scheduled to fly on 9/11. None of the terrorists were even on the passenger manifests!

Ask questions, demand answers. Soon, it will be too late to freely ask these questions.

### **"9/11 An Inside Job"<sup>26</sup>**

Bracketed comments are ours

I continue to believe that this is the **ONLY** issue that really matters, because it is the only one that transcends political affiliations. It is not an issue of debate, or opinion, or politics if it is shown that our current administration planned and executed 9/11. No one could argue that killing our own citizens in order to stay in power and promote their own ends is a reasonable political "strategy". Scholarsfor9/11Truth.org are investigating the facts, not conjecture. We do not need to whine about unvetted videos. The facts are there, waiting to be investigated. Where is the examination of the crime scene? **Where is the collection of eyewitness reports,**

**(where early witnesses at both the Pentagon and the Pennsylvania crash site reported clearly that THERE WAS NO AIRLINER!)** [Tell that to Todd Beamer's family and the families of everyone else on Flight 93.] Where is the forensic evidence - what can still be found of it? Why have our leaders not been prosecuted for destroying the crime scenes, if nothing else? **There is overwhelming evidence that the "identified" Al Quaida terrorists were probably not the perpetrators, since many of them have been found alive and well by the BBC.** [Last we heard, they were seen in a UFO with Elvis Presley.] The FBI itself has acknowledged openly that they have no evidence to charge Osama Bin Laden! We all know the 9/11 commission was a sham - at least one of their members has said it was miserably incomplete. Fema has reported that **THEY DO NOT KNOW** why building 7 fell down. Doesn't anyone care to find out why one of our best skyscrapers (of which there are thousands still in use) just crumbled because of a small fire in its corner??? Hello!!!! Where is the REAL investigation? And who really produced all those animated "explanations" - which have been shown to be as accurate as the new Disney 9/11 movie ? Are we to simply believe the fanciful "conspiracy theories" our government packaged and fed us, or will we demand the truth?

### **World Trade Centers were blown up<sup>27</sup>**

**Any one who saw the collapse of the two World Trade Center towers would have to be blind not to see that they were imploded from within due to controlled demolition,** especially since the third WTC building collapsed exactly the same way without being struck by any airplane. **It took a lot of people in key positions to pull off 9/11 and it would be doubtful that they were all placed after Bush took office.**

The people in place to prevent murder investigations were as necessary as the ones to let it happen.

**It still seems probable that something went wrong and the operation had to be aborted and that is the reason the buildings had to be detonated and bldg 7 had to be blown.** If Chicago and the west coast had been burning and the White House had been hit then martial law could easily have been declared. In their 'perfect planning' could they have overlooked the potential of ordering of all planes to be immediately grounded?

Such details as getting John O'Neil into the WTC to be eliminated in some manner took a lot of high level doings. And people seem to think that was just a coincidence.

How did Rudy Giuliani let so many of his Police and Firemen get killed and then be given 'hero' status????????

Think about those things - and many more.

My Post: I understand your frustration. What's wrong with this picture is that Osama could have been found, but they're not actually trying to find him. **Osama was a patsy for a "false flag" operation perpetrated by some element of the U.S. government. How could Osama Bin-Laden cause NORAD to stand down? How can Al-Qeida conduct war game**

**Another conspiracy theory<sup>30</sup>**

In your post you asked "What's wrong with this picture" in regard to the continuing situation in Iraq etc.

I'll tell you "Everything is wrong with the 9/11 attack from start to finish."

I know just a wee bit about national defense and had more than a few questions I shot back to Washington starting with:

Where in heck were all the civilian FAA and military radar air traffic controllers after that first plane hit the first tower? Asleep? Dead? Why did no alert go out to the aircraft/missile defense system command center?

Where in heck was the Eastern Seaboard Air Defense System duty ready aircraft, some of which are supposed to be in the air 24 hours a day on rotating shifts...JUST IN CASE a sneak attack from a surface ship, submarine, or long range bomber occurred? Were all these people asleep at the switch too?

How long was it after the first plane hit the first WTC tower and the second plane hit the second tower...20 minutes...30 minutes????....far too long for an ALERT not to be issued and interceptor aircraft launched all up and down the eastern seaboard from Maine to Florida, that's for sure.....JUST IN CASE.....of a sneak attack.

Then what about the plane crashing into the Pentagon...in one the most highly populated and protected metropolitan areas in the world?

Where is one single tourist Polaroid pic, one tourist Kodak Brownie snapshot, one single cell of tourist or news reporter video tape that shows a low flying Boeing 757 Jet Airliner in one of the most filmed and video taped cities in the world. Were all these people asleep as well? Dumbstruck?

Why did the Pentagon parking lot camera first show just fire erupting in

2001 and nothing else, and then four years later in 2006 show a blurry streak alleged to be the airliner.

Why have there not been but few so-called "eye witnesses" come forward and why weren't they being interviewed on national TV news shows or on documentary channels like Discovery, National Geographic, The Military Channel as examples for capturing Nobel Prizes. Why didn't liberal CNN, conservative FOX or any other news network channel's hotshot investigative reporters chase all those eye witnesses down?

Why wasn't the Washington D C air/missile defense system alerted after a half hour after the fact of the first TC tower being struck and shot down that 4th airliner before it got within 10 miles of the Pentagon, Capitol, White House, etc. Were all these people asleep too? There are only about 30 Airforce bases within 20 minutes or less flying time from the nation's capitol city as well as about the same number of overlapping radar intercept stations.

Why was George Walker Bush conveniently in Florida instead of Washington "ON THAT ONE PARTICULAR DAY OUT OF THE YEAR TERRORISTS DECIDED TO ATTACK?" I have a feeling that terrorists smart enough to carry out such an attack, were smart enough to know whether the president was in town or not, even if it had not been announced publically that Bush would be in Florida.

Yessir b. Matthews...I have a lot of questions...and all of them are unanswered.

20. Get the truth out on 9/11

**The attack on 9/11 was the worst crime that this administration has perpetrated on America. This crime was so blatant and the evidence of government involvement and cover-up is so abundant**, that if we can just find the courage within ourselves to set aside our knee-jerk reaction to the word "conspiracy" and just look at the evidence, we will find that we have in front of us the biggest smoking gun there is to put these criminals in jail where they belong. A good place to start is <http://www.wanttoknow.info/9-11cover-up/> Or, if you have broad-band, go to <http://www.911revisited.com/> and watch the video free online, or you can order the DVD. Take courage.

Luckily for the writer, it is very difficult to legally libel a public figure. A false accusation of conspiracy to murder 3000 people would automatically be libel if directed at a private individual.

14 CHARACTERISTICS OF FASCISM / WE HAVE THEM ALL by Allen L Roland <http://www.opednews.com>

America has all of the 14 defining characteristics of Fascism and, like sheep, we passively endure our fleecing : Allen L Roland

With the four horseman of hubris ( Cheney, Rumsfeld, Rice and Bush ) in full gallop, shouting their war cry of 'Islamic fascism' and systematically misquoting and demonizing Iranian President Mahmoud Ahmadinejad ~ it's time for America to review the 14 characteristics of fascism and, in the process, face our own growing neocon fascist state.

Dr. Lawrence Britt has examined the fascist regimes of Hitler (Germany), Mussolini (Italy), Franco (Spain), Suharto (Indonesia) and several Latin American regimes. Britt found 14 defining characteristics common to each ~ and America has all of them.

### **"Moral Equivalency of Christo-fascists and Islamo-fascists"**

**The point that I would like Red Amerika to understand is that Christo-fascism, as practiced by the Bush administration, is the moral equivalent of Zio-fascism and Islamic fascism.** The three faiths of Abraham are based on the same creation myths set forth in the same specious form - an Inerrant Text - and adherents to those creeds have proved by their dismal track records of oppression and intolerance that the Abrahamaic value system has no place in what should be A Secular World Order. Would that it were true that the Abrahamaic ideologies of perpetual victimization and triumphalism were merely "the opiate of the people" - that would be an improvement over the actual status quo! While Bushco's intellectual and moral capacities might be opiated by their faith, their capacity for destruction is undiminished.

### **Evangelical Christians are hastening Armageddon<sup>34</sup>**

I am continually dismayed by our lack of focus on the president's dangerous religious beliefs and how they are informing the agenda of his administration. **As an Evangelical Christian, the president is doing his part to hasten armageddon**, as evidenced by his middle-east policies. He would like nothing more than full scale war between the Jews, Christians and Muslims, as has been prophesied in the Bible. Also keep in mind that the **Evangelicals have no great love for the Baptists or the Catholics, many of whom the president managed to kill in New Orleans**. Yet the president's Evangelical Christian agenda is largely ignored - and it needs to be exposed.

### **Evangelical Christians commit election fraud to elect Bush<sup>36</sup>**

I strongly agree with number 2 and 3 comments currently at the top of the Political Action Goals. There are always individual cases of fraud in an election, but Mark Crispin Miller claims widespread fraud in 2004 that cost Kerry the election. "Fooled Again: How the Right Stole the 2004 election and why they'll steal the next one too (unless we stop them" is his book. He says the use of the Diebolt computer voting machines **and the use of large number of evangelicals to man polling booths created widespread electoral fraud**, not just in Ohio. Three states have now rejected Diebolt machines and a month ago the CEO of Diebolt resigned. We must get paper trails in every state. The efforts to reform Ohio campaign (which Moveon.org is supporting) lost four propositions to reform Ohio government in November 2005 to the great surprise of even the far right in Ohio. All voters in Ohio use Diebolt computer voting machines, and there is now widespread suspicion about the accuracy of the vote. Every vote must count. The League of Women Voters is working hard for manually marked paper ballots with optical scan units for speed. They are far cheaper than the computer voting machines and much more accurate. We will never regain control of our government if our votes are not accurately counted.

### **Black soldiers are potential mutineers, cannot be trusted with weapons**<sup>38</sup>

It's interesting about how this individual begins by saying that African-Americans are oppressed and downtrodden, but goes on to say that minorities have "so much need" of discipline and then says that Black soldiers should not be trusted with weapons because they are likely to mutiny. Ten of thirteen Action Forum participants agreed with this.

Bring Black Troops home/send bush's daughters

I recently spoke to an African American Marine Officer, who was disturbed about how Black Marines are being treated prior and during Bush's illegal occupation of Irag. He related to me that if it wasn't for the low ranking Black Marines who were being discriminated against, and he felt they needed his help, he himself would resign. For this and other reasons Blacks serving in the armed services should not become solders of fortune, but instead should be assigned to protect the human rights of African Americans, and all people regardless of color or faith. This country should also realize why Blacks are not obligated to shed blood for this country. They will not be able to share in the spoils and benefits if any are derived from this invasion, and others. Please read this posting very carefully before you get your 'shorts' all bunched up! If you want to deliberately miss the point -- that's O K -- not everyone is ready to take a look at their real self.

What do they all have in common?

They all yell bloody murder when anyone says anything that they think is directed at their society. If you attack anyone in their society, they think that they might be next. **The problem is, is that they mentally identify themselves, as part of a particular group and not part of the whole!** They seek safety in the group just as untrained Infantry will "bunch up" when frightened.

**Truth has nothing to do with it -- they all scream at the same time --** the Republicans will unite, and scream, whenever anyone outside there own party challenges their base! **The Blacks will scream and play the race card anytime one of their own is singled out! (How many will still proclaim OJ's innocence?) Israel will play the Holocaust card and scream in unison when Israel is shown to be less than perfect!**

With Israel and Blacks, this is their way of preventing any chance of the past injustices being repeated! They are still afraid that the past may repeat itself if they don't "stick together"! Its their defence against admitting one of their own could be wrong. **Most of the Jewish people in the United States support Israel about the same way we support this country.** We can acknowledge and criticize our own country's many mistakes. We can express our 'outrage' of what is going on, but when an 'outsider' criticizes this country, we rise up as one to defend the United States!

We defend this country because we see this country as it should be, not as it is! We refuse to take responsibility for who and what we really are as a country. After all we didn't vote for this administration and we think it very unfair when anyone includes us in their criticism of what this country is doing! Its the old story we judge ourselves by our intentions while judging others by what they do!

I think a good example of this is when that British newspaper ran that

headline when Bushit was re-elected! "How could 50 some million people be so stupid?"

### Anti-Catholic Hate Speech

#### Official MoveOn.org Photomanipulation of Pope Benedict

The photomanipulation of Pope Benedict (left) suggests that the Catholics are taking over the United States. A 19<sup>th</sup> century anti-Catholic cartoon by the famous illustrator Thomas Nast appears at its right for comparison. At the top, Europe is separating Church from State while, at the bottom, American Catholics are sewing Church and State together with the blessings of the Pope. Nast was well known for his hatred of the Catholic Church, and this cartoon is but one of several examples. MoveOn's entry differs from Nast's only in its use of color as opposed to grayscale.

## **Catholic Supreme Court Justices destroy Church-State Separation**

I am 68 years old and afraid like never before over the future of our country. The neo-cons and religious right have effectively formed a Theoneocon, **Christofacist state**. It is not sufficient to elect Democrats to congress this year, but Democrats, Greens, Independents, and liberal Republicans who will be willing to impeach. This criminal cabal must be brought to justice.

**Nothing is being said about the five Catholic justices, three of whom would rewrite the constitution to destroy Church/State separation. They believe that God, the bible and faith supercede our Constitution, and that our leaders are acting with divine sanction.** I know that Article VI states that religion shall not be a test for public office. It does not say, however, that the Senate can not question someone who hold beliefs that are in opposition to the constitution, which all office holders must swear to uphold. The idea of a "Unitary Executive" has been praised by Alito. He clearly believes in a hierarchial concept of government, rather than one which comes from the governed. Why was this not highlighted by the Senate and the press?

## **"Catholic Pedophiles of America"**

**By continuing the attack on the GOP's culture of corruption with a call to arrest the Catholic pedophiles of America, we have the ability to break up the perverts and criminals running the country today. WE know there are hundreds of thousands of pedophiles created by the Catholic church's shuffling them around since 1950.** WE know most of these people went on to higher education. By pushing for a complete outing of the 12,000 pedophiles they've admitted to so far we can put incredible pressure on any politicians who might be part of the cult. How many DeLay types want their constituents to find out that they've taken advantage of the teenage sex trade of the Marianas islands? How many victims of these pedophiles are now working in our schools, boy scout camps, governments and police forces? How would this impact the secret societies like the Skull and Boners if half their membership were convicted for sex crimes involving their highest ranking members? There is a reason why our Government refused to prosecute these citizens for covering-up this scandal for over 50 years. The citizens of America haven't given up on this, it's the politico's who really want us to shut up. It isn't like America is the only country in the world to have this problem either. Ireland a couple months ago booted the Catholics as a National religion. As long as the GOP led Congress keeps preventing the prosecution of people like Bernard Law for deliberately violating the laws of the country he's a citizen of, I'll continue to believe that our elected leaders are like-minded individuals. Pedophiles beget pedophiles. In my area they are trying to figure out a way to keep the victims of these crimes imprisoned for

life after they serve their sentence. Priests abuse citizens and don't get arrested. The citizens they molested go on to create more pedophiles, but they ain't priests, so they go to prison. As they should. **But until the priests are hounded down and arrested like the baby rapers they are, the neverending cycle will continue. You want to throw a monkey wrench in both political parties? Call for the arrest and immediate incarceration of the Catholic Pedophiles of America.** Then we can do a little research. These priests were teachers. Find out who their students were and do a cross reference to see how many elected leaders were "educated" by them. Records of arrests for pedophilia have been kept for years. Are the hotspots of pedophilia in areas where the priests were relocated to? Until our elected leaders pursue this matter we won't know if the people we entrust our children to are people we can trust, or people trying to lower the age of consent to birth.

As a citizen who has heard a judge say, "I'm gonna make an example outta you, Boy!" I am amazingly offended by all the so-called citizens who have no problem with the crimes perpetuated by these ultra fortunate rich folk. Don't you understand that when they are done us, they will turn their attention to you? Either attack them first through the acceptance and enforcement of our Constitution or get used to teaching your child that they will have a master. ## **MoveOn.org approved: U.S. deserved 9/11<sup>41</sup>**

This was, incidentally, posted on the 5<sup>th</sup> anniversary of the mass murder of 3000 innocent civilians by militant Islamic terrorists.

Let their deaths be the instrument of change, not a reason to perpetuate the cycle of death.

By remembering the deaths of those who died during the attacks on the World Trade Center and Military Industrial Complex's central hub at the Pentagon, it gives us an opportunity to use their deaths as a means to create a new possible reality.

A reality that isn't based on selling weapons so the average Joe American can drive gas guzzling beasts instead of forward thinking environmentally sensitive forms of alternative transportation.

A reality that acknowledges that our pursuit of becoming the next robber baron family, is responsible for many of the unwanted "improvements" that create the perfect medium for terrorism to flourish in third world countries.

**The symbolism of the attacks on 9/11 has been completely lost on the public of America. In their pitiful underdeveloped brains, they intended the attack to be an attack on World Trade and the misuse of the disenfranchised that resulted from the WTO's coalition of the greedy.**

**Since the Pentagon is viewed by the world to be the legbreakers of this particular organized crime ring, they attacked the enforcers along with the headquarters of the operation.**

**A confused unenlightened man could see this as a way to awaken the eyes of the American public at large.**

We don't have to get our elected leaders to listen to us, to have an affect on the profits of those responsible for these neverending wars. Politicians come and go, but Robber Baron families live forever.

Rather than accept anyone's version of what happened on 9/11 as fact, we should use the constant back and forth of the opinion shapers as justification for a total remake of consumerism in America.

If we don't take advantage of our power as consumers now, when they finish taking our disposable income away, our abilities to affect change will disappear.

Simply put, they won't need us to spend money anymore. Their international corporations and the emerging consumer markets in India and China will keep them flush with profits. They could literally watch us starve and not have it impact their bottom line.

Disney's decision to air and distribute talking points to schools supporting the fable called "Path to 9/11", tells me they are growing bolder.

This is a Capitalist country. George Bush himself has sanctioned boycotts and work stoppages as bonifide actions to take in Democratic Societies.

But since he has inserted language in the New Patriot Act that specifically outlines as illegal, economic terrorism, organized boycotts can be looked at as terrorist acts.

The deaths on 9/11/01, and subsequent propaganda supporting the Bush/Bin Laden version of events, should tell us all that they don't have our best interests at heart.

We can either be cheerled into the centuries old neverending cycle of war that has plagued mankind forever, or do as our forefathers did and legislate steps to ensure it will never happen again.

The people of the world are either blessed or cursed right now. They've been cursed with the biggest bunch of mass murders the world has ever known. **Whether it's George W. or Saddam Hussein, Osama or Milosovich, the world is lousy with would be mass murderers.**

We've also been blessed with an opportunity to out them as the immoral death dealers they are, and have been, for centuries now.

Our question is. Are we up to the challenge?

When Bush says, "Everything's on the table" I know exactly what he's talking about. The military industrial complex has gone too far. Papertrails have been created all over the world leading any investigation back to the true instigators of these conflicts. And the same names keep popping up over and over again.

Bush and friends lied for 2 years about the rendition flights. Then at the same time he requests legislation created to absolve himself of all sin, he admits to these illegal detentions.

Enough already. He always admits whatever he's been accused of, eventually.

Assume a survivalist posture much like the religious right wing wackos did prior to Y2K. Downsize, get outta debt, plan local vacations and reintegrate into your local political scene.

Our silence allowed Hillary and friends to be led to the right. If we are ever to salvage what's left of America we must speak our piece. Since the only thing Corporate America understands is profits, a sudden change in consumerism will tell the puppetmasters that their politicians have gone too far.

Between the emerging global warming crisis, and the growing influence on profits the foreign markets bring, our ability to affect change with our wallets is waning.

The deaths on 9/11/01 can either be looked at as reasons to perpetuate the cycle, and as such become collateral damage to the great American war machine. Or their deaths can have real meaning.

They could be viewed as the straw that broke the military industrial complex's, camels, back.

Democracy can only survive if we use every means at our disposal to defend it. In a Capitalist Liberal Democratic Republic, the quickest way to affect change is with profit loss.

George knows this, that's why he praises boycotts and work stoppages in

creating Democracies in the former Soviet block nations.  
He also knows that if greedy Americans adopted the same tact, he would be gone quicker than spit. So he created the term economic terrorism.  
Don't boycott, change your lifestyle. Individual acts of environmental and fiscal responsibility have to happen for America to survive.  
We can either do it now while we can make a difference, or do it later when the emerging markets make our boycotts quaint.  
Like Condi said. Opportunities are often masked by the tragedies that create them. For example. While progressive American saw the deaths of Katrina as horrendous, bush spent his efforts lining up toadies to benefit from the emergency spending he knew he was sending their way.  
The tragedy of 9/11 can neither remain a tragedy forever, or the instrument of change that broke the military industrial complex.  
The only question is, are we the generation to make it happen? No one else has had them all wrapped up in a position to be held accountable before.  
Like George says, "Everything's on the table".  
Can we make it happen? Never give up, never surrender.

#### Too Many Questions

Reporters are supposed to be trained in "Asking Questions", but after September Eleventh, 2001, it seems they lost their ability to ask questions.

Are we "safer" today?

Why are the internationally renowned terrorist training camps allowed to operate in Pakistan?

Why did we offer India nuclear energy technology when there is a potential for them to use the waste to attack Pakistan with nuclear weapons, another country that has demonstrated the ability to produce nuclear weapons?

Why do we concentrate so much media time on Iran when they are more like five to ten years away from getting a nuclear weapon - and why have we shyed away from recognizing them and negotiating with them?

**With a 50/50 chance, and an off-center strike, why did both towers pancake rather than one topple over in structural failure?**

**Why was there no fuselage and the wrong engine pods for the aircraft on the lawn of the Pentagon?**

**Why was there no identifiable human remains left at the site of the Pentagon - not even teeth?**

**Why - at the Pentagon - were the flames a bright yellow-orange with little smoke with only one fire engine there, when a fire of kerosene/diesel fuel burning at atmospheric temperature and pressure would be a dull orange with profuse amount of smoke, especially**

**when being doused by a fire engine?**

**After the first plane crashed into the WTC and staffers (including Cheney) were husteling to the basement of the White House, why didn't Rumsfeld have someone manning the anti-missile, anti-arircraft systems on the Pentagon, the command center of our national defenses, so that his employees and building would be protected in light of an attack?**

**With so many security cameras on buildings, why didn't more of them - any of them? - capture clear footage of the airplane that struck the Pentagon?**

If we were only hit at the WTC, would we have launched the nation into perpetual war, or would we have just blamed Bush for failing to protect the WTC?

Why have we paid so little attention to satisfying the most basic necessities of life to the land we occupy - Iraq - that insurgency is a logical human reaction?

When are we going to pay attention to satisfying the most basic necessities of life to the land we occupy - America - that insurgency is not a logical human reaction?

I am sorry that we have suffered the atrocity of 9/11, but am still concerned that our media and our government is not considering the whole truth!!!
